SUMMARY

Detail-oriented Business Analyst with Computer Engineering background and 1+ year experience in data analysis, reporting, and process support. Skilled in SQL, Power BI, Excel, and dashboard creation to support business decision-making. Experienced in analyzing business data, documenting requirements, and collaborating with cross-functional teams to improve workflows. Strong communication, stakeholder coordination, and problem-solving skills.

SKILLS

Business Analysis: Requirements Gathering, Process Analysis, UAT Support, Stakeholder Communication, Documentation

Data Analysis & Visualization: Power BI, MS Excel, Dashboard Creation, Reporting

Database & Querying: SQL, SQLite

Tools: Power BI, Excel, GitHub

Concepts: Data Analysis, Business Process Improvement, Data Validation

Other: Presentation Skills, Problem Solving, Communication

Frontend: HTML5, CSS3, JavaScript, ReactJS

PROFESSIONAL EXPERIENCE

Associate - WNS Global services

Dec 2024 - Jan 2026

- Analyzed customer and operational data to identify trends and support business decision-making.
- Created MIS reports and dashboards in Excel to monitor KPIs and performance metrics.
- Collaborated with internal teams to resolve issues, improve workflows, and ensure data accuracy.

Full Stack Development python internship, V3 Data Solutions

Jan 2022 - April 2022

- Gathered and analyzed project requirements and supported development of data-driven applications.
- Performed data analysis using SQL and Python and assisted in reporting and visualization.

PROJECTS

- Amazon Sales Dashboard (Power BI)
 - Built interactive dashboards to analyze sales performance and business trends.
 - Provided insights to support strategic decision-making.
- COVID - 19 Data Analysis (Python)
 - Analyzed pricing trends and created reports to identify business insights.
- Real Estate Data Analysis (Excel)
 - Performed data cleaning, analysis, and visualization to support reporting.

EDUCATION

B. E. Computer Engineering - Pune University (2023)

Diploma in Computer - State Board (2020)

CERTIFICATIONS

- Core Python – Udemy
- Data Analysis (Learning) – Udemy
- AI Engineer – Udemy
- Generative AI Foundations – UpGrad
- Python Programming – Simplilearn

ADDITIONAL

- Strong analytical and problem-solving skills
- Experience working with large datasets and reporting systems
- Understanding of data governance and data quality practices
- Actively learning advanced SQL, Python, Azure, and Databricks
- Actively creating educational content on Data Analysis
